

CJON Mentor/Fellow Program Brings Together New Writers and Expert Mentors

The *Clinical Journal of Oncology Nursing (CJON)* offers an opportunity each year for novice writers to work with experienced authors who will mentor them through the writing and publishing process. In 2004, seven direct caregivers were paired with mentors, who have guided them through the manuscript preparation process. The *CJON* Mentor/Fellow Program is generously underwritten through a grant from Amgen, Inc. We congratulate and recognize the mentors and fellows who participated in the program in 2004.
